The acquired land, strategically located adjacent to our existing plant in Rajkot, is a significant step forward in our expansion strategy. This prime location not only streamlines our operations but also provides ample opportunities for future development and efficiency improvements. This land acquisition enables us to expand our production capacity, meet growing market demands, and enhance our product offerings. We plan to leverage this additional space to invest in state-of-the-art technology and infrastructure, ensuring that we continue to deliver high-quality products and services to our customers.

About Rajoo Engineers Limited

Based in Rajkot, Rajoo Engineers Limited, having made a modest beginning in 1986, has today emerged as an undisputed global player in blown film and sheet extrusion lines. Owing to its focused efforts in blown film, sheet extrusion lines and Thermoformers, the Company enjoys a premium market position in this segment. Being a technology driven Company, product innovations, world-class quality, state-of-the-art workmanship, increased energy efficiency and high levels of sophistication and automation have become the hallmark of Rajoo products during all these years, positioning the Company's products on a global platform, competing with the established world leaders. With representations in many countries of the world and customers in over 70 countries, the Company's exports have multiplied after its debut in the international market in 1990. (www.rajoo.com)
