FOR IMMEDIATE RELEASE

1ST Nov, 2015

THE GAZI GROUP, BANGLADESH CHOOSES RAJOO BAUSANO EXTRUSION TO BE A PART OF ITS GROWTH STRATEGY

In a short period of 6 months of using the Rajoo-Bausano line, the Gazi Group clearly realised the benefits that the line delivered; it not only lived up to its committed performance, but also was miles ahead of their existing lines in comparison.

A veteran in uPVC pipe manufacturing and a user of 12 pipe extrusion lines, the Gazi Group has more than a reason to change. In a short period of 6 months of using the Rajoo-Bausano line, the Gazi Group clearly realised the benefits that the line delivered; it not only lived up to its committed performance, but also was

miles ahead of their existing lines in comparison. One account of power alone, the savings were a staggering 40%.

Salient features such as,

- Unique Multi-drive Transmission System
- Longer Screw L/D
- Screw Thermocontrol Unit
- Multi-stage Thrust Bearing System
- High Volume Die Head
- Special Design and Extended Length Calibrator

take equipment performance to another level. With comparatively reduced consumption of raw materials, the output of the thin-walled pipe possessed excellent mechanical properties complying with all quality tests.

The result was confidence...The Gazi Group reiterated this confidence in Rajoo Bausano by placing a repeat order of a

staggering 6 machines in one go! Rajoo Bausano is now a strategic partner in the growth of the Gazi Group.

'I would urge all pipe manufacturers to look outside for newer solutions in pipe extrusion. The newer technologies empower us to improve our top line as well as the bottom line, something so important in this crowded pipe market', emphasises Md. Anwar Hossain, Executive Director at Gazi Pipes. 'I am happy that we chose Rajoo Bausano', he adds.

The unique design and engineering also ensure minimal operating costs. The post sales services continue to be an area of strength for Rajoo Bausano and is a differentiator in its offerings.

'Taking the mandate of affordable excellence forward, I am glad that solutions from Rajoo continue to add immense value across industry segments. Access to the latest technologies from Bausano's rich and innovative experience of 7 decades in the PVC segment and a strong installation base of 6500+ PVC extruders worldwide, provides unparalleled benefits to pipe manufacturers', states Sandip Bhuvra, General Manager, Rajoo Bausano Extrusion Pvt Ltd.
