Rajoo Engineers Limited announced the inauguration of its expanded facility in Rajkot. This expansion marks a significant milestone in the company's journey, as it triples its manufacturing capacity to meet growing demands and enhance operational efficiency. The expansion is a spacious structure on the adjacent 28,210 sq.ft of land acquired last August.

The expanded facility will increase the manufacturing capacity by 30%. Dedicated space for Quality control will help the company to enhance the customer experience. The company has made a significant investment in the production plant, which spans across 18,000 sq.ft and stands at a height of 100 ft and an additional 7,000 sq.ft for the QCA.

This investment underscores the company's commitment to innovation, stringent quality standards, growth, and customer satisfaction. Equipped with advanced technology, the expanded facility is poised
