Commenting on the development, **Ms. Khushboo Chandrakant Doshi, Managing Director, Rajoo Engineers Limited** said: *"The NSE listing is a testimony to the trust and confidence that our stakeholders have placed in us over the years. It marks a significant step towards greater market transparency and accessibility, both critical enablers as we advance on our legacy of growth."*

Rajoo Engineers Ltd continues to lead in the plastic extrusion industry with a legacy built on technological advancement, customer-centric solutions, and a firm commitment to sustainability. The dual listing on India's premier stock exchanges reflects the company's focus on transparency, governance excellence, and long-term value creation for all stakeholders.

About Rajoo Engineers Limited:

Based in Rajkot, Rajoo Engineers Limited, having made modest beginning in 1986, has today emerged as an undisputed global player in blown film and sheet extrusion lines. Owing to its focused efforts in blown film, sheet extrusion lines and Thermoformers, the Company enjoys a premium market position in this segment. Being a technology driven Company, product innovations, world-class quality, state-of-the-art workmanship, increased energy efficiency and high levels of sophistication and automation have become the hallmark of Rajoo products during all these years, positioning the Company's products on a global platform, competing with the established world leaders. With representations in many countries of the world and customers in over 70 countries, the Company's exports have multiplied after its debut in the international market in 1990. (www.rajoo.com)
